Ryan

This is the consultation letter we are sending for Roulette to the Seneca Nation.

We need to craft similar letters for both Bull Run and Catalyst.

Can you work with Dave and Kevin to put together a similar package for those two facilities. We could do one transmittal letter and concurrence but two separate consultation letters.

We want to be clear the Bull Run project is a enhanced recovery.

I can send you a little info on both but Dave and Kevin would have more

Hey Barb,
For your concurrence. After you open the concurrence memo file scroll to the bottom of the memo and you will see the directions for signing, saving and replacing the original memo I sent you. You then send on to Samantha. Call me at 215-840-4335 if you still have any problems or send me a Teams appointment.
Take care,
Pat

Pat, actually use this. I changed the transmittal memo to Diana based on what Barb said about the locational information. You can delete the two previous concurrence packages.

Your concurrence is requested on the attached consultation letter for the Seneca Nation of Indians regarding the proposed UIC Class II-D disposal injection well in Clara Township, Pennsylvania for Roulette Oil & Gas Company, LLC.

I am also requesting a signature from Acting Regional Administrator Diana Esher on the consultation letter.

Please refer to the Concurrence Memo to apply your signature to the concurrence package. Instructions for signature are included on the form. After signing, please forward to the next person in the concurrence chain.

Please let me know if you have any questions.

Thanks,

Kevin Rowsey
